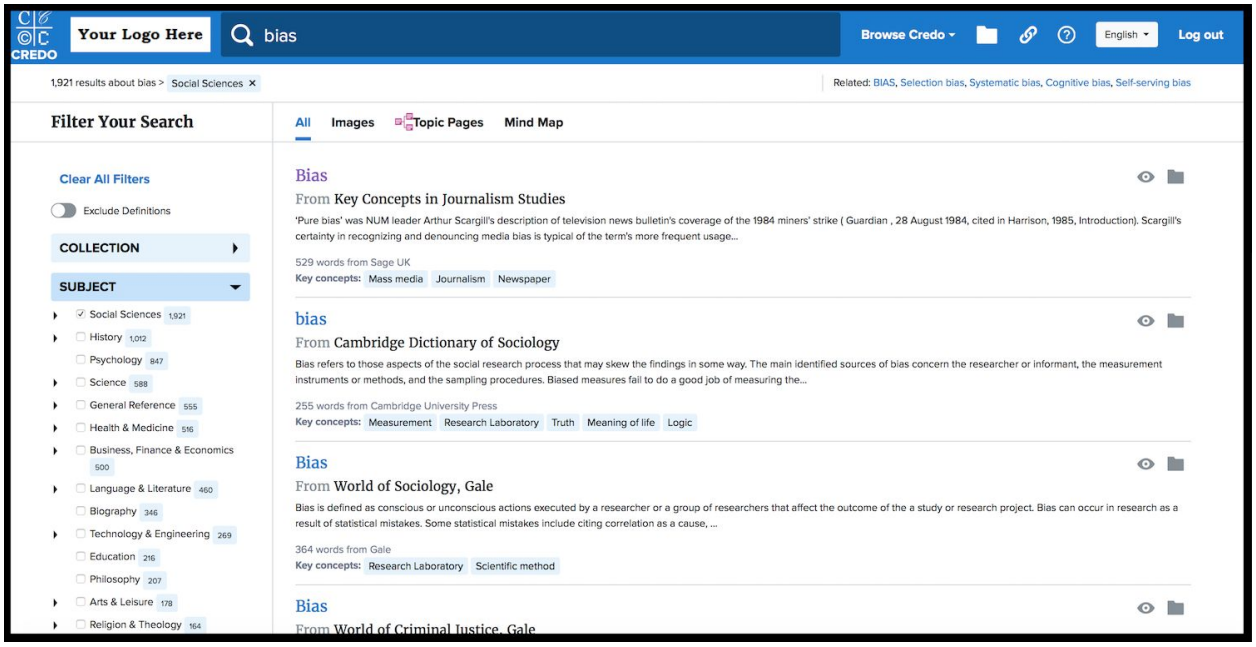
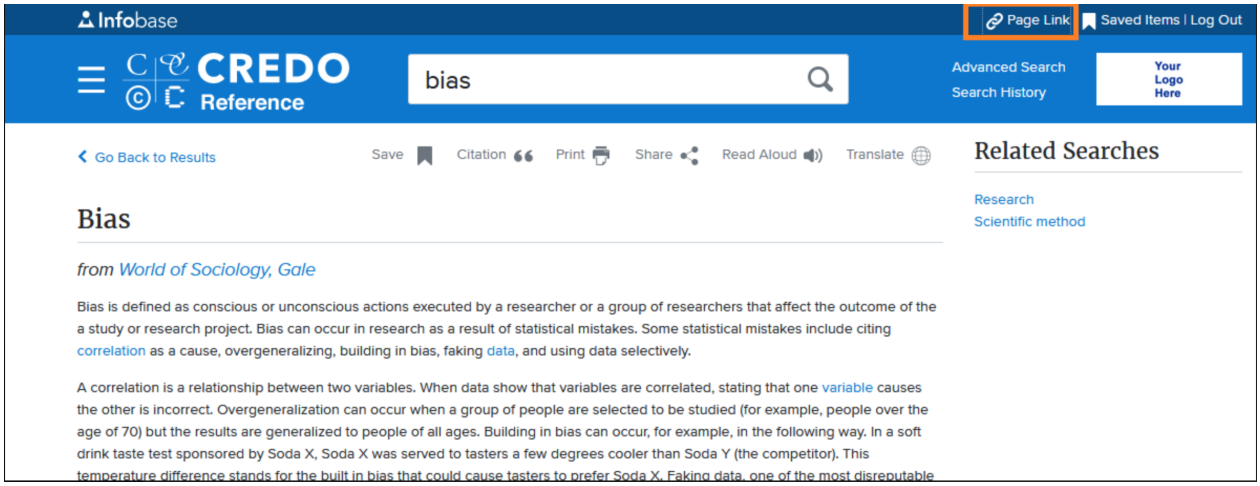
# Embedding Credo content in D2L

1. Search for content you'd like to embed



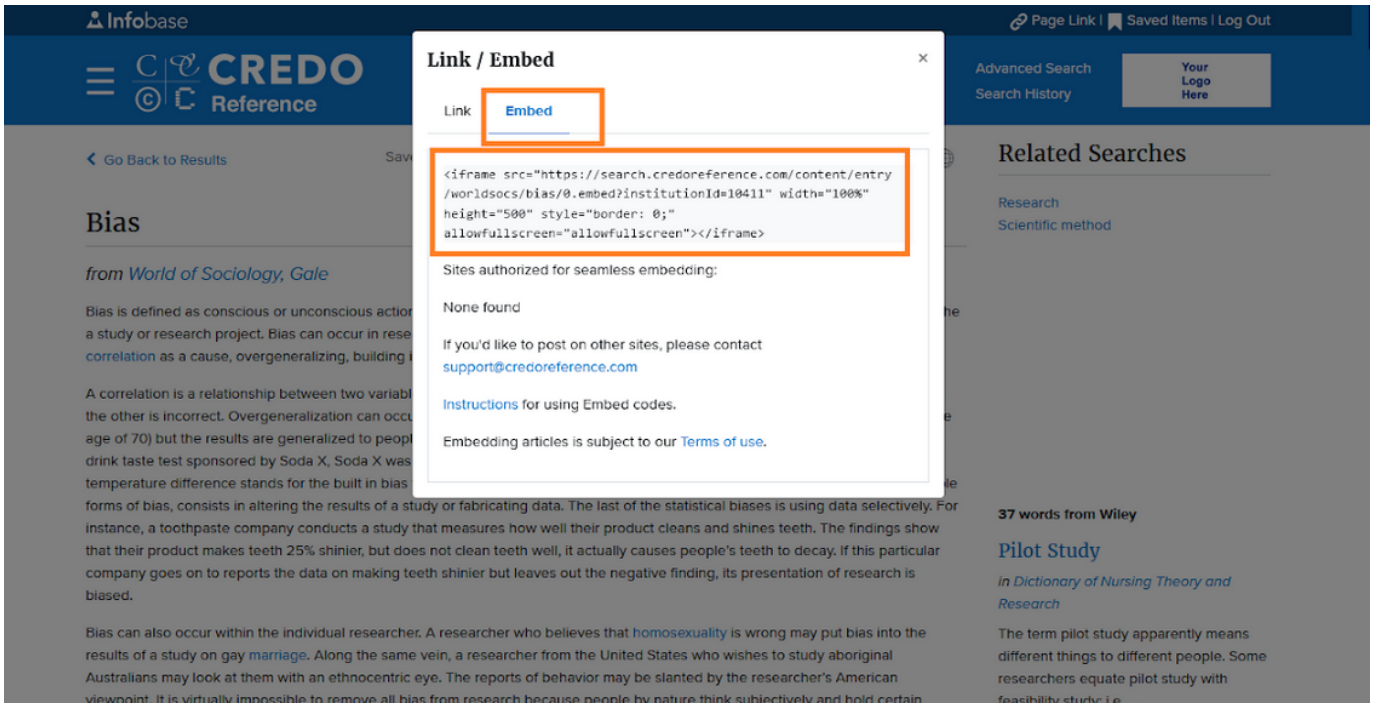
2. Click the Page Link option at the top of the screen



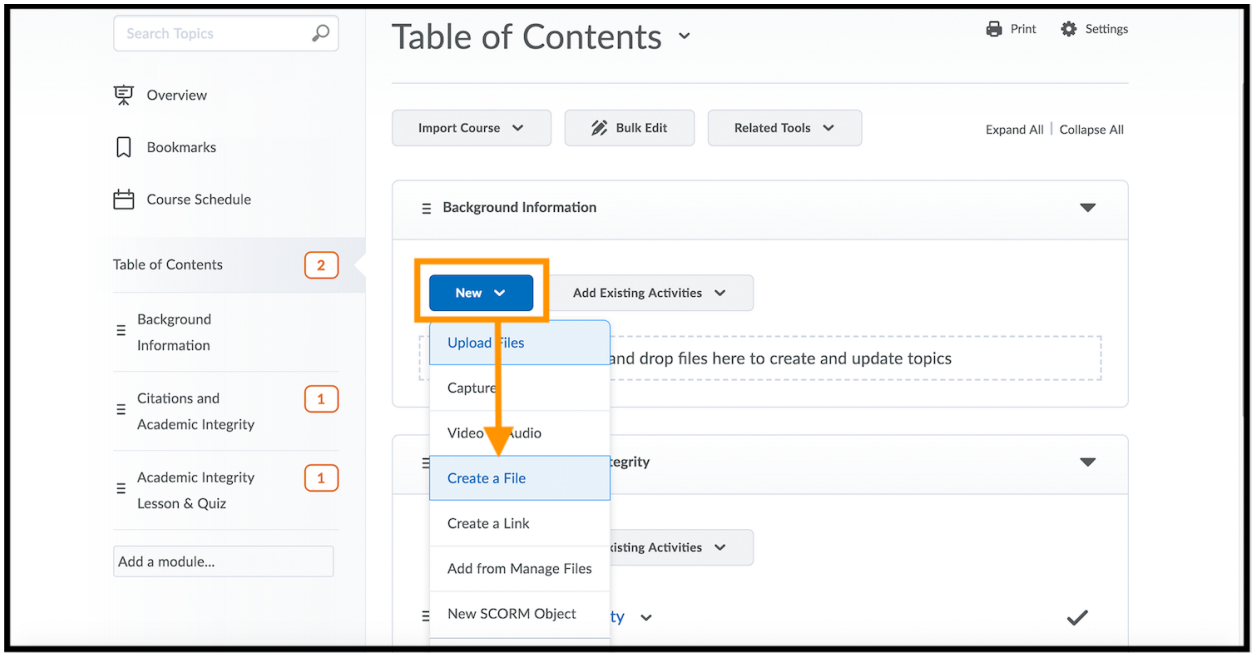
CREDO

# Embedding Credo content in D2L

If it is an embeddable page, there will be an option labelled "embed code." Highlight and copy the code to your clipboard. (Non-embeddable pages, such as the home page, will not have this option.)



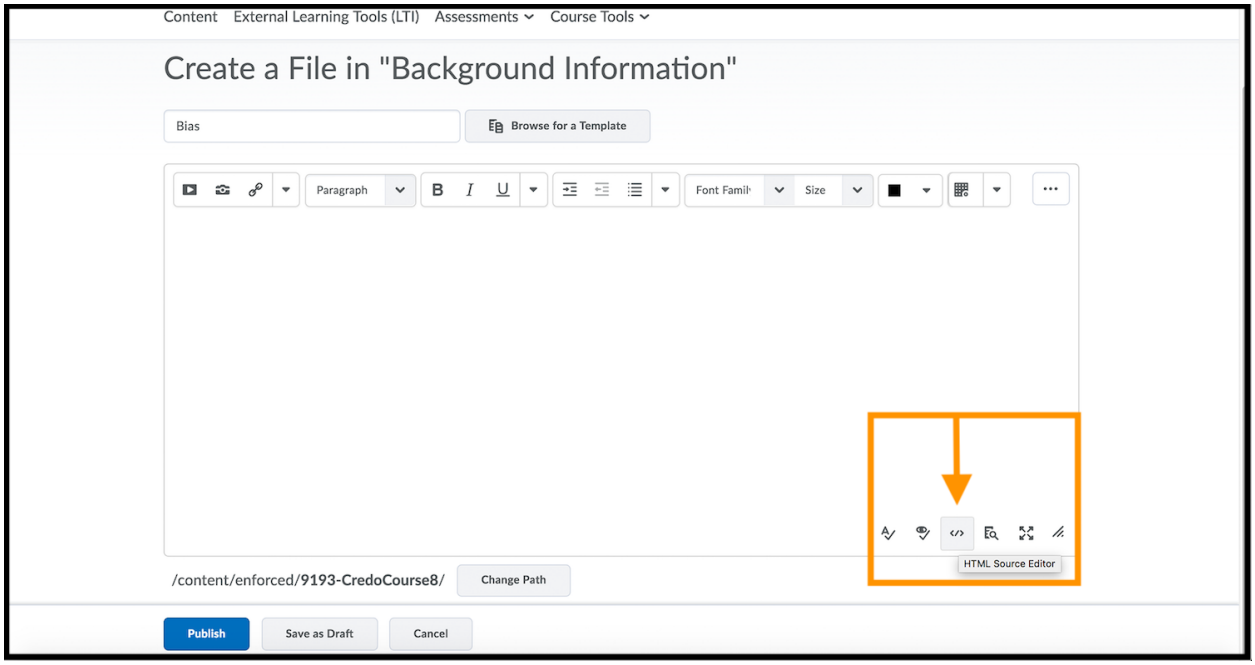
4. After logging into D2L, create a new file in your course



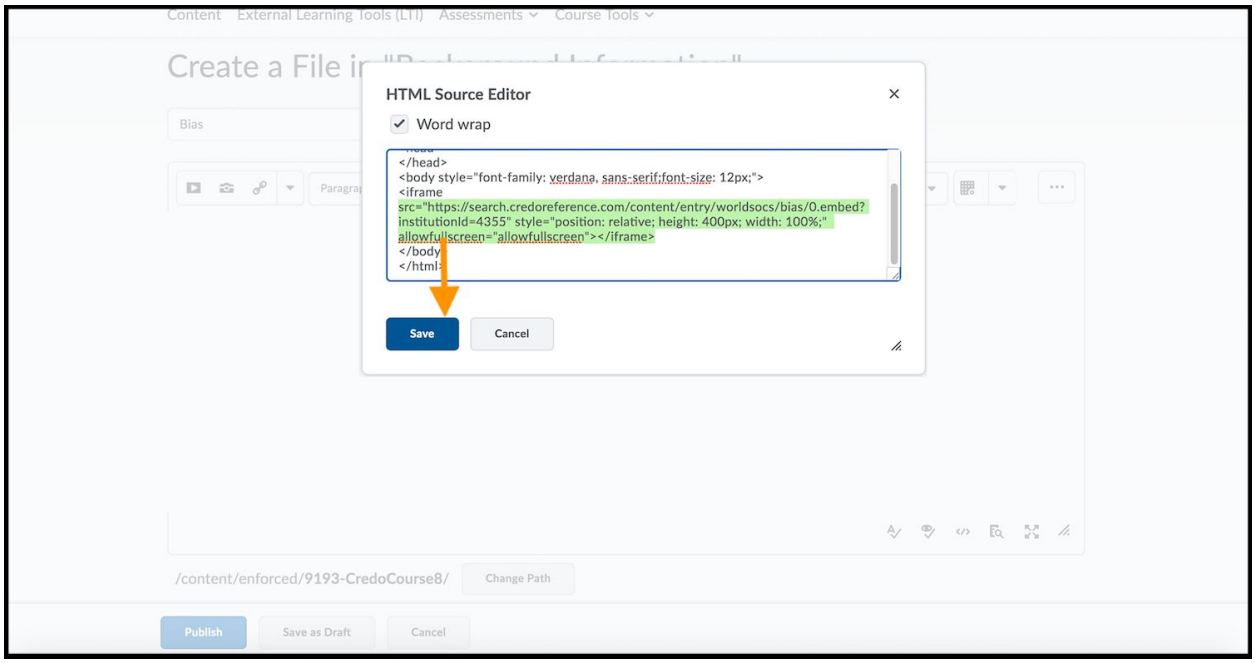
CREDO

# Embedding Credo content in D2L

5. Click HTML Source editor



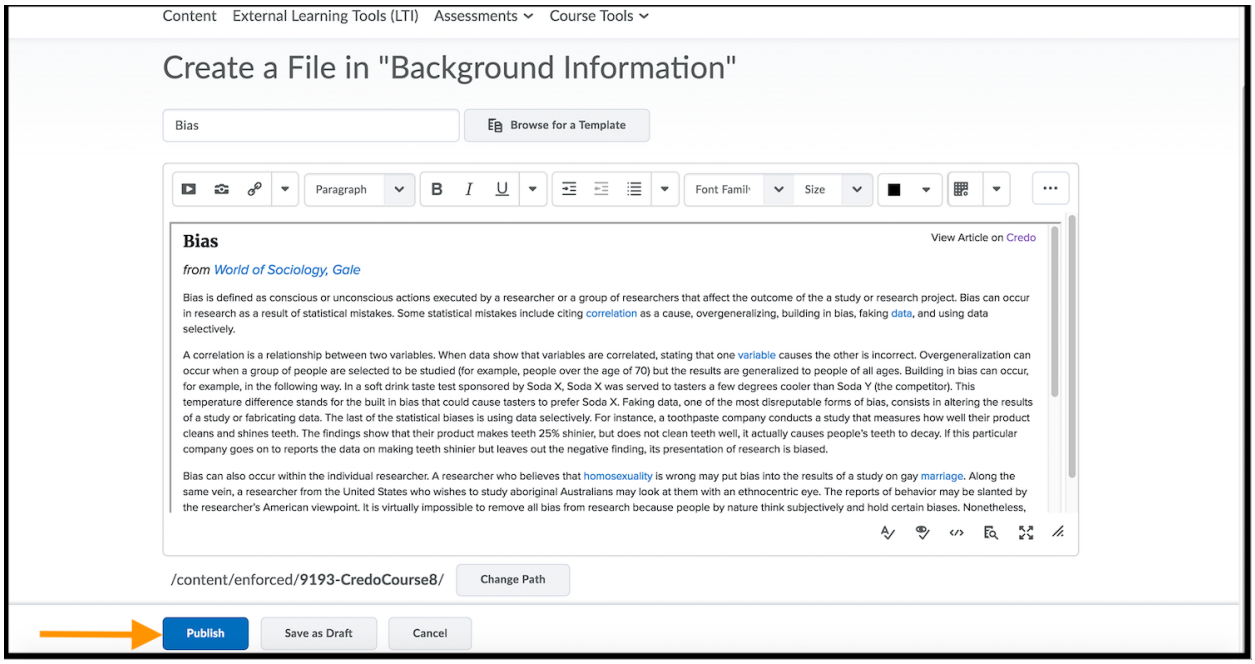
6. Paste the Credo embed code and click save



CREDO

# Embedding Credo content in D2L

7. This is what Credo looks like embedded in the edit field. Click Publish.



8. You'll see your new file listed in the Course's Table of Contents
